The genuinely thrifty man or woman is not stingy or niggardly, but thoroughly sensible in money affairs.

Such persons simply look at the question this way—they don't know about the future, but they do know that now they are able to earn and save—SAVE for that unknown future.

H. P. Wood, secretary of the Promotion Committee, yesterday received word to the effect that a party of 15 influential Japanese business men of Yokohama, Japan, and their families, will pass through Honolulu during the latter part of March enroute on a round-the-world excursion. The party will stop here only a few hours, and Mr. Wood has been asked to provide some sort of entertainment, and to now working on plans which will result in an automobile trip to the various points of interest about the city, winding up with a luncheon at one of the beach hotels.

LOCAL BREAKWATER COURT ACTION ENDS WITH NEWS FROM EAST

Basing his action on a cablegram from Philadelphia stating that the Breakwater Company was adjudicated a bankrupt by the court in that city February 2 and that a trustee was appointed yesterday, U. S. District Judge Clemens this morning ordered a dismissal of the petition for an ancillary receiver for the firm's properties in Hawaii.

It was stated today that the effect of the news from the east will be that the trustee will assume full charge of the breakwater project at Hilo, that a local superintendent—probably Ed. J. Lord—will be appointed, and that presumably the work on the breakwater will be carried to completion.
The cable received by Judge Clemens does not state who the trustee is. It was thought that the three men who had been appointed receivers might be named as trustees, but the cable indicates that only one trustee was named. It is considered here as likely that the trustee is connected with the bondsmen of the Breakwater Company.
